

BUILDING A BETTER TOMORROW BEGINS TODAY!

Thank you to all who made our 2016 breakfast such a success! Welcome to those of you who are new! We invite you this year to learn about our newest program, Applied Behavioral Analysis Autism Program as well as discover more about our Intensive treatment and Crisis services. We are very close to our goal to construct a new building for these intensive services, and are excited to share an update on this capital project that will allow us to serve more children and families throughout Lane County! We look forward to seeing you there!

Fisherman's Market Fundraiser

On Monday, February 27th the Fisherman's Market will be hosting a fundraiser on our behalf. The proceeds will be going towards various projects throughout the agency! Enjoy some great food for an even greater cause! Please note that you must present the flyer at the time of purchase in order for us to receive 20% of the value.

Centennial Yoga

Welcome to our morning yoga and meditation practice! Each morning our classroom takes 20 minutes to participate in a yoga routine followed by a brief meditation to prepare ourselves for the day. Yoga is an excellent source of exercise that increases flexibility and balance as well as our student's abilities to get in touch with their minds and bodies. In addition, yoga and meditation has been an incredibly enjoyable way to start our day with a calm and clear headspace. By the end of our sessions, students are ready to focus their minds and energy on having a successful day! If you would like to help out, we are accepting yoga mat donations. We greatly appreciate all the help we can get and are willing to answer any questions for anyone interested in incorporating a yoga practice into their routine!

Namaste!
